

Memorandum

Fort Crook Area
Omaha District
Construction Division

To: Jefferson Parish Council Members
From: STEVEN M. DAWSON Construction Representative
Date: 19 Oct 1996
Subject: WESTBANK Asbestos Abatement

Total amount of this phase of removal is \$1,456,513.00 out of that 85% will be spent in and around the community on .

Prime contractor:
Local Hires

Local Equipment leased or rented such as office trailers , office equipment, trucks , cars ,generators , backhoe (etc).

Asbestos removal is subcontracted to Local Woman Owned Small business Minority contractor Quality Environmental Contractors.

Restoration is being subcontracted to local Small Business Minority Owned company Nola Construction Co.

The trucking of asbestos to the land fill is being subcontracted to A state of Louisiana company.

Security for the site is being preformed by Local woman owned company Inter Parish.

All materials such as hand tools , visquene , fencing , Pressure washers , are being purchased in and around Jefferson Parish.

All the cost of disposal will be left in Jerrerson Parish.

If the Parish considered wavering their portion of the disposal fee that would add A more funds to the clean up of residences that could be cleaned up under this phase of work .

The State of Louisiana Department of Environmental Quality has wavered their fee on the ADVF form that we have to have for every residence to support the clean up project.
